Further information

About me

Professional skills:

- Knowledge of geodetic instruments, rules for their operation and storage (including engineering and robotic total stations);
- Work with GNSS equipment;
- Knowledge of special geodetic programs;
- Knowledge of regulatory and technical documentation, building codes and regulations;
- Experience with cable-stayed system;
- Preparation of executive documentation;

- Creation and maintenance of the GCI database;
- Excellent knowledge of AutoCad;
- Knowledge of AutoCad Civil3d;
- 3D modeling;
- Extensive experience in working with metal structures: longitudinal sliding, pre-assembly;
- Control and verification of the work of surveyors of subcontracting organizations;
- Development of a reference geodetic network at the facility;
- Creation and acceptance of the project for the production of geodetic works (Motorways with bridge crossings);
- Calculation of volumes of inert materials;
- Calculation of the volume of the developed pit;
- Monitoring of the position of elements of existing overpasses;
- Interaction with the production and technical department.
- Interaction with the quality control department;
- Interaction with design organizations;
- Experience in a foreign company;
- Full geodetic support for the construction of bridges and overpasses;
- Experience in road construction;
- Experience with storm sewers
- Experience in working with a client.

Objects:

Road junction at the intersection of Piskarevsky prospect and Nepokorenykh prospect (St. Petersburg), a bridge over the river. Neman (Kaliningrad region), bypass of Sovetsk (Kaliningrad region), bridge over the river. M. Neva (St. Petersburg), bridge over the river. Syas (Leningrad region), crossing the railway in the area of the village. Repino (Leningrad region), the central section of the WHSD (SPB), Lakhta Center (SPB), the building of the Supreme Court of the Russian Federation (SPB), traffic interchange at the intersection of the WHSD and Novy shosse (Leningrad region), traffic interchange at the intersection of the WHSD and Shuvalovsky Prospekt (SPB), universal commercial port in Ust-Luga (Leningrad region)

Personal qualities:

- Ability to organize workflow;
- Stress resistance;
- Responsibility.
