As a dynamic and results-oriented Export Sales and Marketing Manager with 7 years of experience, I have a strong background in developing and implementing effective strategies in international markets. With comprehensive knowledge and skills in export processes, I have successfully achieved sales targets and managed customer relationships. My native language is Russian, and I work as a sworn translator in both Russian and Turkish. This multilingual proficiency has provided me with an advantage in international customer relations and market analysis, facilitating my ability to overcome cultural and linguistic barriers. My career goal is to take on a strategic role in international markets, contributing to the expansion of your company's global presence. My experience in both sales and marketing will significantly support your company's objectives and help increase market share.
